Xiaoqing GU

The Paper entitled (hereinafter, “the work”):

Discovering Teachers’ In-Class ICT Usage With Frequent Closed Sequence Mining

is herewith submitted for publication.

The undersigned hereby transfers to the APSCE the exclusive rights comprised in the copyright of the work and assigns to APSCE, during the full period of copyright and extensions thereof, all rights to publish and sell the work and the Proceedings in all media of expression now known or later developed, in its original edition and in all revisions thereafter; to have translated and published foreign editions of the work and the Proceedings throughout the World; to distribute derivative works based thereon, in English and in other languages; to license or permit others to do so; and to post in on the ICCE 2017 website.

The copyright of the work and Proceedings in digital or hard copies will be taken out in the name of APSCE.

You certify that the work is original; to the extent the Work incorporates text passages, figures, data or other material from the works of others, the undersigned has obtained any necessary permission. You further warrant APSCE that the work contains nothing that violates the copyrights of another person or entity and that you will hold APSCE harmless against any suits, claims, and proceedings which may be brought against you or APSCE with regard to copyright.

APSCE and Author agree that in addition to any rights under copyright retained by Author in the work, Author retains: (i) the rights to reproduce, to distribute, to publicly perform, and to publicly display the work in any medium for non-commercial purposes; (ii) the right to prepare derivative works; and (iii) the right to authorize others to make any non-commercial use of the work so long as the author receives credit as author and the APSCE conference proceedings in which the work has been published is cited as the source of first publication. For example, Author may make and distribute copies in the course of teaching and research and may post the work on personal or institutional Web sites and in other open-access digital repositories.

For jointly authored works, all joint authors should sign or one of the authors should sign as authorized agent for the others.
